## Social Media - Planning, Management & Crisis Workshop

*Love it or loathe it...  
social media is here to stay*

This comprehensive 3/4 day workshop has been developed by marketing experts, to give you a greater understanding of how social media can be used for business.

During this interactive workshop, we guide you through the key principles of social media, from strategy and objectives through to tools, tips and techniques for managing your online presence.

This also includes advice about protecting your company's reputation in the event of an online crisis.

Our workshop covers this and all other aspects of social media in three key stages:

- **Lift Off** - identifying what you want to achieve from using social media, and how it supports your marketing objectives
- **Business as usual** - day-to-day management, engagement, monitoring and evaluation
- **Dealing with positive and negative engagement** - how not to panic in a crisis

You will leave this masterclass with the confidence to implement the right social media strategy for your company, and handle the media in the event of an online crisis.

### KEY ELEMENTS COVERED:

- Deciding what you want from social media
- Developing a social media strategy
- Picking the right social platform (s)
- Identifying and engaging your audience
- Making social content work harder and reach further
